

2011 SKIING TRIP TIGNES

The seventh *ALMR* ski trip takes us to France once again. Situated high in the peaks of the scenic French Alps, Tignes centres around three small villages sitting high above the tree line. The **Espace Killy** area hosts 300km of pistes throughout Tignes and Val D'Isere. The underground funicular from Val Claret whisks you up to over 3000 metres to the glacier where there are blue, red and black runs as well as fantastic runs back down to the resort itself.

THE SKIING:

Beginners will find the nursery slopes on Tignes Le Lac and Le Lavachet excellent due to their gentle conditions. The Espace Killy is one of the top places in the world for **intermediates**. The run down to Val Claret is a lovely cruise and you can get your legs burning on the Sache black run for a challenge. The off piste possibilities in Tignes really make this a **fantastic area for experts** too. One of the big adventures to do in life is to go away from the Tignes area & head for Champagny that is linked to the La Plagne area!

THE HOTEL:

The *ALMR* group will **exclusively take over the Mark Warner Chaletotel Hauts de Toviere**, situated in Tignes Le Lavachet. It is perfectly located just a short ski from the Chaudanne & Paquis lifts and the centre of the village. The large galleried dining room enjoys picture perfect views of the mountain from its floor to ceiling windows. Enjoy an apres-ski drink or two at their very own pub— Scotty's Bar, which is both lively and popular and there are plenty of other bars & restaurants to choose from. For more info:

THE RESORT:

The short bus ride to [Tignes Le Lac](#) leaves from right outside the front door. The complimentary resort bus runs between Val Claret, Le Lac and Le Lavachet giving easy access to shops, bars, restaurants and the wellness centre. There is **plenty going on** outside of the chaletotel too with a bowling alley, climbing wall, cinema, snow rafting, husky rides and an outdoor swimming pool all in the village.
